The brand is just a perception, and perception will match reality over time. Sometimes it will be ahead, other times it will be behind. But a brand is simply a collective impression some have about a product.

About COLORICIO

We are one of the leading salt suppliers in the world providing customized services and individualized logistics for your salt needs. We have a wide variety of high-performance salt products for different applications, and we also offer 24/7 operation and reliable supply to keep your company packed.

“Justus von Liebig stated that salt is the most precious of all gemstones, and so he honored the elemental meaning of sodium chloride (NaCl), which is also called table salt, rock salt, evaporated salt, sea salt or pure salt, and simple salt.”

With a specific focus on salt specialties, we strive to be the strongest in this segment. Every year, we can distribute millions of tons of salt worldwide.

We are certified according to ISO 9001, ISO 14001, ISO 45001 and we acquired the title of TRUSTWORTHY COMPANY in 2020.

Business Vision

We intend to provide our customers with the best services experience from beginning to end.

Our Statement

We work hard every day to make Coloricio Global the world's most respected service brand.

Salt Types

**ROCK
SALT**

**SEA
SALT**

It dissolves very well due to the high level of evaporated salt, thus guaranteeing rapid defrosting of snow and slippery surfaces.

Rock salt provides approximately 70 % of the entire salt in the world. Colorificio made a research about the world's salt consumption and we found out that only 10 % of the salt consuming is Himalayan salt. We provide more types and sizes of Himalayan salt. The iodine content of both types of natural salt (rock salt and sea salt) is almost the same.
